ZOOM YOGA

*There are a great many benefits of **ZOOM**. You are in the comfort of your own home, and your room can be as warm or as cold as you wish it to be. You have no traffic, parking problems or expenses and you don't have to rush to your class. There is no worry about social distancing or the risk of infection.*

***YOGA** has many benefits and in my opinion is even more important at this time. Remember it will keep you flexible, tone and firm every muscle, beat stress, help you relax and sleep well, stimulate your immune system and above all give you a lovely toned yoga body.*

However, it is very important that you remember that you must never strain, go at your own pace and stay within your own comfortable limits and remember that it is normal for your body to vary on a daily or weekly basis. Yoga is for healthy people and if you have any health concerns at all then please check with your doctor before you begin to practice, to make sure he is happy for you to join up.

Guidance for online lessons

- 1. Make sure you are dressed in suitable clothing. Have bare feet.**
- 2. Make sure you have adequate space and your room is free from clutter.**
- 3. Make sure you are warm enough, have a mat near you and maybe a blanket to cushion your knees if necessary.**
- 4. It is wise to have a bottle of water near you.**
- 5. Make sure you have no pets in the room.**

Please note that the actual class will last for one hour but knowing that you will wish to chat to your friends I will open the class 15 minutes early so you have time to make yourself a coffee and have a chat.

Enjoy
